

# Vocabulary Bug Swat

- Print the bugs 2-3 times so you have 8-12 bugs on cardstock then laminate and cut apart.
- Write a vocabulary word on each bug.
- This can be played in 2 teams or 2 players.
- Place the bugs on the floor or board. Each team/player has a fly swatter.
- The teacher or another student gives the definition to one of the 'bug words'.
- The first player to swat the right word gets a point for his team.
- If playing as teams, a new person from each team takes a turn.
- The first team or person to score 10 points WINS!
